as the lost patient saga continues I have some informative News you need to know. a month after my return from Competency Restoration I am once again caught between the not competent to stand trial and the stragnation of my Right to a fair trial.

Not only were three of my mental health medications discontinued upon arrival 6-23-23 Benadryl, Valium, Zyprexa. But I was also placed Directly in solitary confinement, I was able to see the mental health team every day and discuss medication adjustment and mental health issues Daily.

I was able to come out my room as a patient and be around other people and go to classes, even tho I'm here and still under RCW 10.77 I'm stuck, my next competency hearing is 8-31-23.

Since June 23 2023 I have Been in solitary confinement

Since June 23 2023 I have Not Seen the medication Doctor, the pill Doctor or mental health Doctor one single time. But yet 4 of my medications have been Discontinued without even talking to me Violation (BB5440)
